7.2 Best Practices

Best Practice 1: Students' Training Programme (STP):

The Institute always gives importance to the overall development of students. In order to make our students employable as well as for their overall personality development, the Institute is running an exclusive programme called Students' Training Program. (STP). This STP is spread over a span of 5 semesters staring from Semester III onwards. The year-wise details of STPs conducted by various departments are given below as per the following particulars:

Best Practice 2: VLab (In association with IITBombay)

During Pandemic, it was not possible to run the STPs. Howeer, Institute has participated in Virtual Laboratory facility (VLab) made available by IITBombay. All departments have executed VLab activity under the Central Institute coordinator. VLab had a great response from the students and has shown maximum usage by the students, as seen from the feedback forms. (refer page 181)
