Vision of the Institution:

उत्तमपुरूषान् उत्तमाभियंतृन् निर्मातुं कटिबद्धा: वयम् ।

We are committed to produce not only good engineers but good human beings, also.

1. Mission:

Holistic development of students and teachers is what we believe in and work for. We strive to achieve this by imbibing an unique value system, transparent work culture, excellent academic and physical environment conductive to learning, creativity and technology transfer. Our mandate is to generate, preserve and share knowledge for developing a vibrant Society.

2. Quality Policy:

Quality Policy aims to establish centre of excellence for technical education and research in Engineering & Technology by way of;

- Inducting faculty having sound knowledge in the field of Science and Engineering and to make special efforts to retain them.
- Proven good results and admitting quality students.
- Developing human capital by supporting talent, ideas and energies of outstanding individuals.
- Promoting partnerships with the quality institutes like IITs', IISc, etc. , research organizations like ARAI, NCL, C-DAC, etc. & prominent corporate houses.

Developing excellent teaching learning process by establishing cohesive bond between students & faculty andhealthy atmosphere with decent discipline.

3. Goals:

• Long Term Goals

1. To establish Research Centre as Centre of Excellence in Engineering Research and Development
2. To seek Academic Autonomy leading to University status
3. To develop an Engineering Knowledge Centre of Society in general
4. To develop the institute in focused areas like Information Technology, Biotechnology, Energy, Materials etc.

• Short Term Goals

1. To add new Post Graduate and Ph.D. programs
2. To motivate and deputefaculty for Doctoral Programs
3. To improve the interaction with institutes of national and international repute and industries from various fields of engineering

4. Students Intake:

UG Intake:

Sr. No	Program	No. of Seats
1.	Chemical Engineering	60
2.	Civil Engineering	180
3.	Mechanical Engineering	270
4.	Electronics & Telecommunication Engineering	240
5.	Computer Engineering	180
6.	Production Engineering	30
7.	Information Technology Engineering	120

Vision of the Institution:

उत्तमपुरूषान् उत्तमाभियंतृन् निर्मातुं कटिबद्धा: वयम् ।

We are committed to produce not only good engineers but good human beings, also.

1. Mission:

Holistic development of students and teachers is what we believe in and work for. We strive to achieve this by imbibing an unique value system, transparent work culture, excellent academic and physical environment conductive to learning, creativity and technology transfer. Our mandate is to generate, preserve and share knowledge for developing a vibrant Society.

2. Quality Policy:

Quality Policy aims to establish centre of excellence for technical education and research in Engineering & Technology by way of;

- Inducting faculty having sound knowledge in the field of Science and Engineering and to make special efforts to retain them.
- Proven good results and admitting quality students.
- Developing human capital by supporting talent, ideas and energies of outstanding individuals.
- Promoting partnerships with the quality institutes like IITs', IISc, etc. , research organizations like ARAI, NCL, C-DAC, etc. & prominent corporate houses.

Developing excellent teaching learning process by establishing cohesive bond between students & faculty andhealthy atmosphere with decent discipline.

3. Goals:

• Long Term Goals

9. To establish Research Centre as Centre of Excellence in Engineering Research and Development
10. To seek Academic Autonomy leading to University status
11. To develop an Engineering Knowledge Centre of Society in general
12. To develop the institute in focused areas like Information Technology, Biotechnology, Energy, Materials etc.

• Short Term Goals

7. To add new Post Graduate and Ph.D. programs
8. To motivate and deputefaculty for Doctoral Programs

9. To improve the interaction with institutes of national and international repute and industries from various fields of engineering

Sr. No.	Title
1.	Fermenter Design for Production of Ethanol from Corn Using Dry Grind Process
2.	Manufacturing of Essential Oil from Ginger
3.	Manufacturing of Styrene Butadiene Rubber
4.	Plant Design for Production of Propylene Oxide
5.	Extraction of Bioactive Compound Curcumin from Turmeric
6.	Design of Sewage Treatment Plant
7.	A Simulation of Claus Process and Study of Sulphur Recovery from Natural Gas
8.	Pressure Swing Distillation for Separations of Tetra Hydro Furon and Ethanol
9.	Production of Citric Acid from Molasses
10.	Ultrasound assisted extraction of essential oil from bark of Cinnamon
11.	Simulation On Batch Distillation Process
12.	Design of Bromine Recovery Plant
13.	Modeling and Simulation of Ethylene Glycol Plant
14.	Extraction of Custard Apple Seed Oil as A Bio-Pesticide
15.	Chemical Plant Utility-Nitrogen System Design
16.	Production of Vinyl Acetate (VAM)
17.	Extraction of Essential Oil from Herbal Plants
18.	Production of Phosphoric Acid by Wet Process
19.	Manufacturing of Azithromycin

20.	Detailed Process Engineering for Urea Manufacturing Process
21.	Ethanol production from Bagasse
22.	Manufacturing of Clarithromycin
23.	Production of Ethylene Carbonate
24.	Production of Methyl Isobutyl Ketone
25.	Diesel Decontamination through Assisted Blending
26.	Design, Modeling and Simulation of Bioethanol Plant
27.	Performance, Analysis & Enhancement for STP using Activated Sludge Process
28.	Production of Formaldehyde from Methanol
29.	Manufacturing of Paranitrobenzne Bromine
30.	Production of Cyclohexane from Dehydrogenation of Benzene
31.	Natural Gas Processing Simulation and Optimization
32.	Production of Sodium Carbonate by Solvay Process
33.	Production of Spirit
34.	Thermal Pyrolysis of Medical Waste for the Production of useful Liquid fuel
35.	Manufacturing of Sulphuric Acid
36.	Production Of Vinegar (Acetic Acid) By Submerged Fermentation Method
37.	Production of Methane from Carbon Monoxide and Hydrogen
38.	Production of Nitric Acid

Vision of the Institution:

उत्तमपुरूषान् उत्तमाभियंतृन् निर्मातुं कटिबद्धा: वयम् ।

We are committed to produce not only good engineers but good human beings, also.

1. Mission:

Holistic development of students and teachers is what we believe in and work for. We strive to achieve this by imbibing an unique value system, transparent work culture, excellent academic and physical environment conductive to learning, creativity and technology transfer. Our mandate is to generate, preserve and share knowledge for developing a vibrant Society.

2. Quality Policy:

Quality Policy aims to establish centre of excellence for technical education and research in Engineering & Technology by way of.

- Inducting faculty having sound knowledge in the field of Science and Engineering and to make special efforts to retain them.
- Proven good results and admitting quality students.
- Developing human capital by supporting talent, ideas and energies of outstanding individuals.
- Promoting partnerships with the quality institutes like IITs', IISc, etc. , research organizations like ARAI, NCL, C-DAC, etc. & prominent corporate houses.

Developing excellent teaching learning process by establishing cohesive bond between students & faculty and healthy atmosphere with decent discipline.

3. Goals:

●Long Term Goals

1. To establish Research Centre as Centre of Excellence in Engineering Research and Development
2. To seek Academic Autonomy leading to University status
3. To develop an Engineering Knowledge Centre of Society in general

4. To develop the institute in focused areas like Information Technology, Biotechnology, Energy, Materials etc.

●Short Term Goals

1. To add new Post Graduate and Ph.D. programs
2. To motivate and depute faculty for Doctoral Programs
3. To improve the interaction with institutes of national and international repute and industries from various fields of engineering

Vision of the Institution:

उत्तमपुरूषान् उत्तमाभियंतृन् निर्मातुं कटिबद्धा: वयम् ।

We are committed to produce not only good engineers but good human beings, also.

1. Mission:

Holistic development of students and teachers is what we believe in and work for. We strive to achieve this by imbibing an unique value system, transparent work culture, excellent academic and physical environment conductive to learning, creativity and technology transfer. Our mandate is to generate, preserve and share knowledge for developing a vibrant Society.

2. Quality Policy:

Quality Policy aims to establish centre of excellence for technical education and research in Engineering & Technology by way of;

- Inducting faculty having sound knowledge in the field of Science and Engineering and to make special efforts to retain them.
- Proven good results and admitting quality students.
- Developing human capital by supporting talent, ideas and energies of outstanding individuals.
- Promoting partnerships with the quality institutes like IITs', IISc, etc. , research organizations like ARAI, NCL, C-DAC, etc. & prominent corporate houses.
  Developing excellent teaching learning process by establishing cohesive bond between students & faculty andhealthy atmosphere with decent discipline.

3. Goals:

• Long Term Goals

13. To establish Research Centre as Centre of Excellence in Engineering Research and Development
14. To seek Academic Autonomy leading to University status
15. To develop an Engineering Knowledge Centre of Society in general
16. To develop the institute in focused areas like Information Technology, Biotechnology, Energy, Materials etc.

• Short Term Goals

14. To add new Post Graduate and Ph.D. programs
15. To motivate and deputefaculty for Doctoral Programs
16. To improve the interaction with institutes of national and international repute and industries from various fields of engineering

Vision:

Department of Electronics & Telecommunication Engineering shall continue to innovate and practice the processes to propel development in engineering education, keeping excellence in focus and render services to match the needs of technical education system, industry and society.

1. Mission:

To create an ambience and provide broad based education where students are urged to develop new ideas and professional skills in equilibrium with the needs of the nation.

2. Quality Policy:

We the faculty, staff and students are committed and dedicated to ensure state of art quality in engineering education through the mold of ethics, social responsibilities, eco-system awareness and nationalistic proud.

3. Goals:

- **Long Term Goals**

1. To set up Centre of Excellence in the field of VLSI Embedded and Signal Processing
2. To keep pace with technology and process through industrial training of faculty, staff and students
3. To establish close association with state of art Universities, Industries and Personalities
4. To inculcate quality, social, ethical and eco-friendly awareness among the Students

- **Short Term Goals**

1. To intensify industrial training to faculty and staff
2. To motivate the faculty for qualification up-gradation
3. To increase number of Memorandums of Understanding (MoU) with industries
4. To increase number of Patents and Journal publications

SCOE E&TC - INCUBATION CENTER

OBJECTIVES

- To develop entrepreneurs by converting their ideas to business reality.
- To provide Internship to desired students
- To help our alumni for New Business Start Up by sharing resources & help.

Incubation Centre was inaugurated by Mr. Sunil Desai - CEO, Maven Systems, Pune.

INCUBATION CENTRE ASSOCIATES

Mangesh Bhalerao
CEO, Get Smart EduTech Pvt. Ltd.

- Passed out in 2002
- Star-up for development of E-learning web study contents on mobile Platform.
- Independent IC Design Consultant, U.K.

Pankaj Dudulwar
Director, EMBEL technologies Pvt . Ltd

- Passed out in 2003
- Start-up to design and develop hardware, software for Embedded System.
- Also Analog Engineer - Intel, Bangalore.

Akshay Parmane
Director, Think Quotient Software Pvt. Ltd

- Passed out in 2012
- Start-up to develop Online course material to educational organizations
- Founder and CEO of 'Your IT Laksya' for providing Training & Placement.

Rahul Bankar **Arjun Dike**
Director, Fevino Industries

- Pass out in 2017
- "Fevino Industries" spread over 3500 sq. feet area. Production line of several products including Solar, Lighting systems, napkin vending machine, etc.
- Installed at many Institutes & Industries.

Rohit Dhange
CEO, Lazzzyme.com

- Passed out in 2019
- Start-up provides one-stop solution for all campus student needs

Shubham Shirse **Mayuresh Satao**
Founder & CEO CEO
Geniobits Pvt. Ltd.

- Passed out in 2020
- Star-up to design secure content sharing, spacially for e-learning
- Expertise in Enterprise solution, Web App Development, Mobile App Development.

Abhishek Shah
Proprietor, Random Access Protocol

- Passed out in 2020
- Star-Up For Development industrial level automation as per client requirement like Machinery automation, Software solutions, Security Features Implementation, Home automation.
- Centralized control Panel Compatible with google and alexa voice assistance.

Nishant Shrirao
CMO, COO-Founder, Bowe Edtech Llp

- The Company is established to solve on growing problem in EdTech field on practical knowledge and backing up the tier-2, tier-3 college student to come up with their skills.
- BOWE primarily focuses on overall development of individual.

Annual Academic and Administrative Audit Report

Information Technology Department 2021-22

STES Sinhgad College of Engineering

Vadgaon (Bk), Pune – 41

Mission:

Holistic development of students and teachers is what we believe in and work for. We strive to achieve this by imbibing an unique value system, transparent work culture, excellent academic and physical environment conductive to learning, creativity and technology transfer. Our mandate is to generate, preserve and share knowledge for developing a vibrant Society.

Quality Policy:

Quality Policy aims to establish centre of excellence for technical education and research in Engineering & Technology by way of;

- Inducting faculty having sound knowledge in the field of Science and Engineering and to make special efforts to retain them.
- Proven good results and admitting quality students.
- Developing human capital by supporting talent, ideas and energies of outstanding individuals.
- Promoting partnerships with the quality institutes like IITs', IISc, etc. , research organizations like ARAI, NCL, C-DAC, etc. & prominent corporate houses.

Developing excellent teaching learning process by establishing cohesive bond between students & faculty andhealthy atmosphere with decent discipline.

Goals:

- **Long Term Goals**

1. To establish Research Centre as Centre of Excellence in Engineering Research and Development
2. To seek Academic Autonomy leading to University status

- Proven good results and admitting quality students.
- Developing human capital by supporting talent, ideas and energies of outstanding individuals.
- Promoting partnerships with the quality institutes like IITs', IISc, etc. , research organizations like ARAI, NCL, C-DAC, etc. & prominent corporate houses.

Developing excellent teaching learning process by establishing cohesive bond between students & faculty andhealthy atmosphere with decent discipline.

3. Goals:

• Long Term Goals

17. To establish Research Centre as Centre of Excellence in Engineering Research and Development
18. To seek Academic Autonomy leading to University status
19. To develop an Engineering Knowledge Centre of Society in general
20. To develop the institute in focused areas like Information Technology, Biotechnology, Energy, Materials etc.

• Short Term Goals

17. To add new Post Graduate and Ph.D. programs
18. To motivate and deputefaculty for Doctoral Programs
19. To improve the interaction with institutes of national and international repute and industries from various fields of engineering

4. Students Intake:

Sr. No	Program	No. of Seats
1.	Mechanical Engineering	270

1. Mission:

Holistic development of students and teachers is what we believe in and work for. We strive to achieve this by imbibing an unique value system, transparent work culture, excellent academic and physical environment conductive to learning, creativity and technology transfer. Our mandate is to generate, preserve and share knowledge for developing a vibrant Society.

2. Quality Policy:

Quality Policy aims to establish centre of excellence for technical education and research in Engineering & Technology by way of;

- Inducting faculty having sound knowledge in the field of Science and Engineering and to make special efforts to retain them.
- Proven good results and admitting quality students.
- Developing human capital by supporting talent, ideas and energies of outstanding individuals.
- Promoting partnerships with the quality institutes like IITs', IISc, etc. , research organizations like ARAI, NCL, C-DAC, etc. & prominent corporate houses.

Developing excellent teaching learning process by establishing cohesive bond between students & faculty and healthy atmosphere with decent discipline.

3. Goals:

● Long Term Goals

1. To establish Research Centre as Centre of Excellence in Engineering Research and Development
2. To seek Academic Autonomy leading to University status
3. To develop an Engineering Knowledge Centre of Society in general
4. To develop the institute in focused areas like Information Technology, Biotechnology, Energy, Materials etc.

● Short Term Goals

1. To add new Post Graduate and Ph.D. programs
2. To motivate and depute faculty for Doctoral Programs
3. To improve the interaction with institutes of national and international repute and industries from various fields of engineering

SINHGAD COLLEGE OF ENGINEERING VADGAON (BK), PUNE-41
Sinhgad Institutes
SPIEGEL
Department of Production Engineering
2021-22
VISION:- To Prepare Students capable with sufficient Production Engineering background through effective teaching and appropriate academic planning so that they can get job in industries or pursue higher studies.
MISSION:-
1) To impart quality education to student through curriculum and educational experience and to enhance their skills so as to survive in global competitive market.
2) To make students think and apply whatever taught to them and propagate the same to serve the nation.
PRODUCTION ENGINEERING OBJECTIVES-
• Development of high-level technical knowledge and life-long learning activities among students to excel in the professional field and also globally.
• Development of appropriate skill required in manufacturing & industrial engineering to meet the needs of Indian & International companies
• Development of skill to formulate, analyze and solve a production system including automation
• Development of professional and ethical attitude, effective communication skill, team-work skill and ability to relate engineering issues to social context including environment
PRODUCTION ENGINEERING OUTCOMES –
1. Engineering Knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
2. Problem Analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
3. Design/Development of Solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
4. Conduct Investigations of Complex Problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
5. Modern Tool Usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
6. The Engineer and Society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
7. Environment and Sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.

8. Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
9. Individual and Team Work: Function effectively as an individual, and as a member or leader in diverse teams, and in multi-disciplinary settings.
10.Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
11. Project Management and Finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multi-disciplinary environments.
12. Life-long Learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

PRODUCTION ENGINEERING SPECIFIC OUTCOMES –

- The Production Engineering Graduates will be able to Work in various sectors such as design, manufacturing, quality assurance, management, software etc., in the sphere of operation and maintenance.
- An ability of collaborative learning to find out cost-effective, optimal solution for industrial growth.
- Imparting technological inputs and managerial skills to pursue higher education or become technocrats and entrepreneurs.

FORWARD

"Spiegel is the mirror of our department. It reflects the mission and vision of our department. Our students make full use of this platform to enhance their soft skills. Enjoy reading Spiegel and give your valuable inputs for its growth."

Departmental Activities

Event: Woman's Day Celebration

On March 8, 2022, Sinhgad College of Engineering celebrated Women's Day with an event hosted by the Mechanical and Production departments. Mrs. G. D. Shikarpur-Chief guest-performed Saraswati pooja. Mrs. G. D. Shikarpur, Director-Youth at Rotary Club- Shivajinagar, Pune, was introduced by Dr. Mrs. A. M. Patki. She shared her thoughts on this year's International Women's Day theme, "Gender Equality for a Sustainable Tomorrow." In the afternoon, fun activities were prepared for female faculty and staff members. All participants truly enjoyed the event.

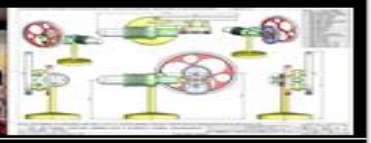
STUDENT ACTIVITIES

Aryan Dakhane, SE Production Student, was selected for the College Football team and competed in a National-Level Inter Engineering Sport Meet hosted by the MIT-WPU Summit 2021. He played in the center-midfield position (CMF). This competition was attended by teams from Hyderabad (MANET and ISL), Pune (COEP, VIIT, MIT, VIT, SCOE, SKN, AIT, DY Patil, and AISSMS), and Mumbai (BVP COE).

Aditya Balasaheb
TE Production

"I competed in the State-Level Mechanical CAD Competition in Mumbai. Using computer aided design software, I designed the STIRLING ENGINE and SLING LIFT models. My performance delighted the judges, and as a result, I finished second overall and was awarded by Minister Nawab Malik. I was also granted a prize money of 7000/- for second rank."

Aditya grabs second position at state level and he was felicitated by AIR Maharashtra Skill Development, Employment and Entrepreneurship Minister Nawab Malik.



Tanmay Kanchalic
TE Production

STES Rocketry took part in the virtual event of the Latin American Space Challenge which was organize by pion labs space agency from brazil with their project "Perfect Game," and ranked second in the world in the 0.5 km height target solid motor category.

"I was the Aerostructure and Analysis head, and I designed the rocket's airframe and structural components using Autodesk Fusion 360. Using Ansys and computational fluid dynamics software, I also run several CAE and CFD simulations to replicate the components' integrity and wind flow during actual flight."

STUDENT ACTIVITIES

Student Name: Hrushikesh Anil Chari	Year: Third Year (TE)
Activities Participated	
Internal Hackathon for SIH 2022	Cleared the internal hackathon and was eligible for SIH 2022. Presented the idea of a web based platform for student college admission prediction against the problem statement of AICTE.
SURJAN Magazine	Worked as Co-editor of Technical Section. SURJAN is an interdepartmental magazine for SCOE college student's
I-2-E Competition by Centre for Innovation, Incubation & Enterprise, SPPU	Pitched a business model for an Ed Tech startup that could aid personalized guidance for getting admitted in dream Ms. Programme

Smart India Hackathon 2022 (SIH) is a nationwide initiative to provide students a platform to solve some of the pressing problems we face in our daily lives. Thus inculcate a culture of product innovation and a mindset of problem solving.

Vision of the Institution:

उत्तमपुरूषान् उत्तमाभियंतृन् निर्मातुं कटिबद्धा: वयम् ।

We are committed to produce not only good engineers but good human beings, also.

1. Mission:

Holistic development of students and teachers is what we believe in and work for. We strive to achieve this by imbibing an unique value system, transparent work culture, excellent academic and physical environment conductive to learning, creativity and technology transfer. Our mandate is to generate, preserve and share knowledge for developing a vibrant Society.

2. Quality Policy:

Quality Policy aims to establish centre of excellence for technical education and research in Engineering & Technology by way of;

- Inducting faculty having sound knowledge in the field of Science and Engineering and to make special efforts to retain them.
- Proven good results and admitting quality students.
- Developing human capital by supporting talent, ideas and energies of outstanding individuals.
- Promoting partnerships with the quality institutes like IITs', IISc, etc. , research organizations like ARAI, NCL, C-DAC, etc. & prominent corporate houses.

Developing excellent teaching learning process by establishing cohesive bond between students & faculty andhealthy atmosphere with decent discipline.

3. Goals:

●Long Term Goals

1. To establish Research Centre as Centre of Excellence in Engineering Research and Development
2. To seek Academic Autonomy leading to University status
3. To develop an Engineering Knowledge Centre of Society in general
4. To develop the institute in focused areas like Information Technology, Biotechnology, Energy, Materials etc.

●Short Term Goals

1. To add new Post Graduate and Ph.D. programs
2. To motivate and deputefaculty for Doctoral Programs
3. To improve the interaction with institutes of national and international repute and industries from various fields of engineering

Vision of the Institution:

उत्तमपुरूषान् उत्तमाभियंतृन् निर्मातुं कटिबद्धा: वयम् ।

We are committed to produce not only good engineers but good human beings, also.

1. Mission:

Holistic development of students and teachers is what we believe in and work for. We strive to achieve this by imbibing an unique value system, transparent work culture, excellent academic and physical environment conductive to learning, creativity and technology transfer. Our mandate is to generate, preserve and share knowledge for developing a vibrant Society.

2. Quality Policy:

Quality Policy aims to establish centre of excellence for technical education and research in Engineering & Technology by way of;

- Inducting faculty having sound knowledge in the field of Science and Engineering and to make special efforts to retain them.
- Proven good results and admitting quality students.
- Developing human capital by supporting talent, ideas and energies of outstanding individuals.
- Promoting partnerships with the quality institutes like IITs', IISc, etc. , research organizations like ARAI, NCL, C-DAC, etc. & prominent corporate houses.

Developing excellent teaching learning process by establishing cohesive bond between students & faculty andhealthy atmosphere with decent discipline.

3. Goals:

• Long Term Goals

21. To establish Research Centre as Centre of Excellence in Engineering Research and Development
22. To seek Academic Autonomy leading to University status
23. To develop an Engineering Knowledge Centre of Society in general
24. To develop the institute in focused areas like Information Technology, Biotechnology, Energy, Materials etc.

• Short Term Goals

20. To add new Post Graduate and Ph.D. programs
21. To motivate and deputefaculty for Doctoral Programs
22. To improve the interaction with institutes of national and international repute and industries from various fields of engineering

Engineering Sciences & FE Department has organized following events in the academic year 2020-21:

1. International Day of Yoga 13 June 2022 Theme: Yoga For Humanity

On the occasion of 8th International Yoga day, Institute had organized and celebrated the day under the able guidance of Mrs. Shilpi Gupta- Tawade, (Faculty- Art Of Living) and her Team members, Mr. Saket Tawade and Mr. Rohit Bhagat. The venue for the program was Multi Purpose hall, Architecture College.

2. A Seminar on “Healing your mind through Meditation” on 25 Feb 2022 was organized by Department of Engineering Sciences for the faculty of SCOE in which following aspects of meditation were covered: i) Circular Breathing ii) Philosophy of Divine Darkness. The speaker was Mr. Mandar Patil, Assistant Professor, Mechanical Engineering department, SCOE. 35 Faculties were present for the seminar.
3. Orientation programme on “Project Based Learning (PBL)” as a part of IQAC activity was organized by Department of Engineering Sciences for the FE faculty of SCOE. Speakers were Prof. V. K. Chaudhari, Head, FE, SCOE and Prof. A. R. Dhamne, Subject Coordinator, PBL. 38 Faculties were present for the orientation Program.
4. Dr. Saurabh Chaudhari Sir was invited for delivering a seminar on the very vital topic – “The Sutra For Health” on 7/9/2021 as a Celebration of Teacher’s day. The seminar was organized by SWC, Sinhgad Student Council.

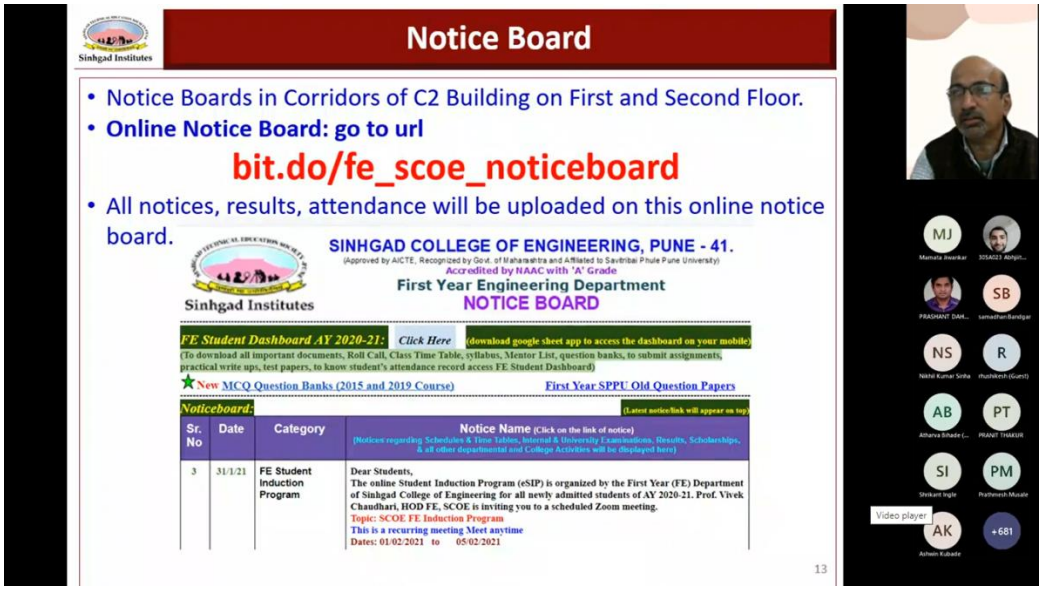
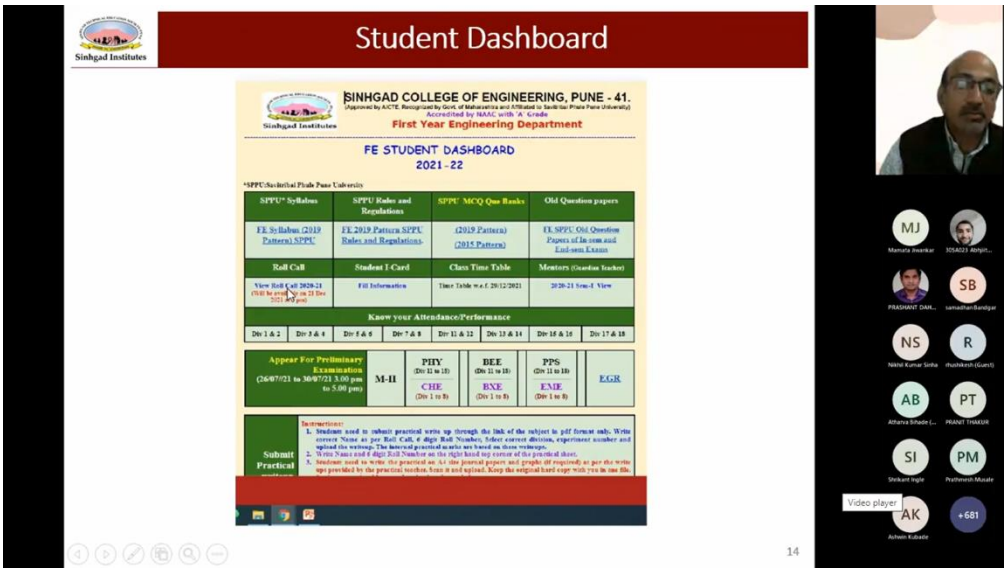
The Roll Number, Divisions and Batches forStudents

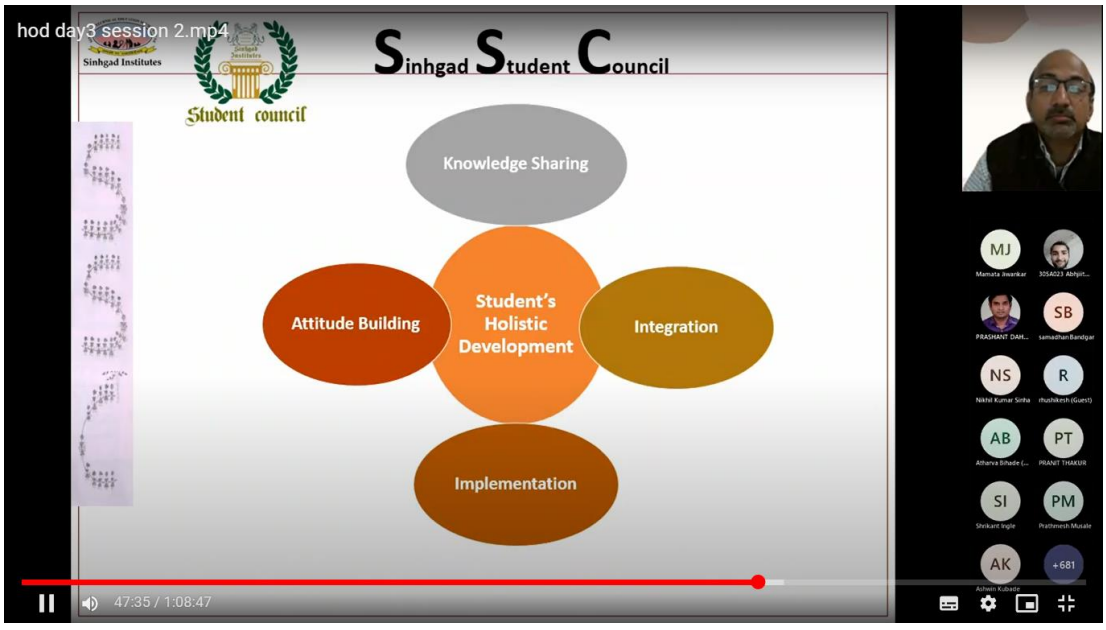
The students were primarily explained about the importance of attending lectures and laboratory sessions throughout the year. They were introduced to the Mentor (Guardian Teacher) Scheme implemented in college for overall monitoring of students' progress. The parents were advised to keep in touch with mentors whenever necessary.
Students were made familiar with various activities under Sinhgad Students Council (SSC) and Sinhgad Overseas Cell (SOC).

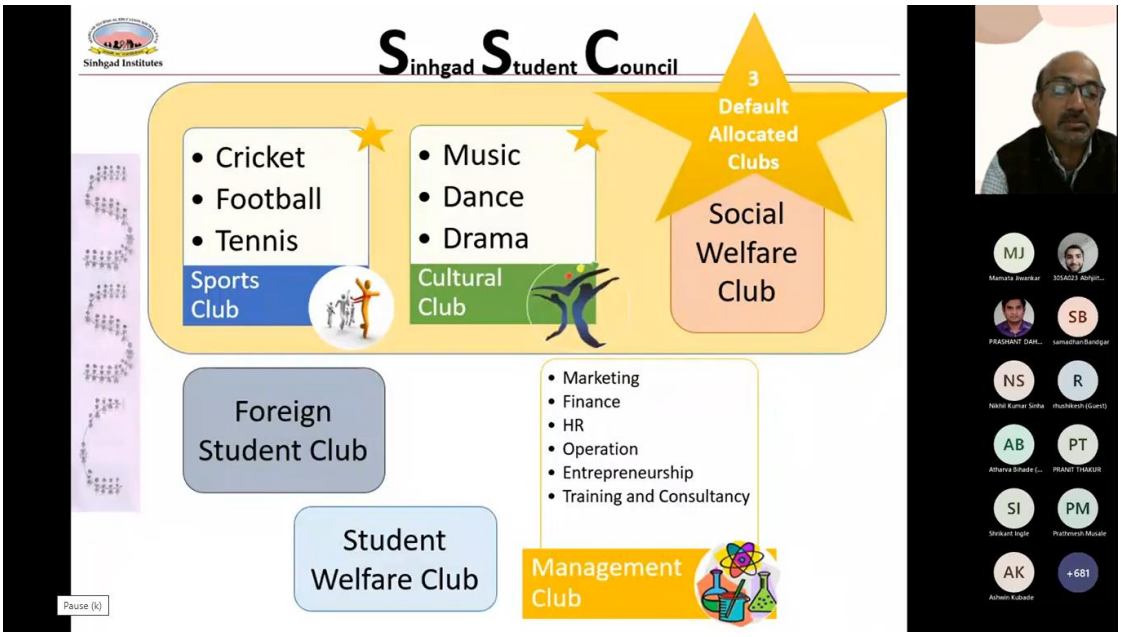


The importance of library facilities in any education system can not be overlooked. SCOE provides 24 X7 library facilities for students with rich stacks of books made available to students. The library consists of large capacity reading hall and the processes for any kind of access are student friendly. Prof. Chaudhari urged students to seek benefit of all these facilities made available to them. He also overviewed about other facilities available in campus such as banking, post office, dispensary, hospital, play ground and shopping apart from academic requirements.



Students were made familiar with various activities under **Sinhgad Students Council (SSC) and Sinhgad Overseas Cell (SOC).**





Day 3: Session-III: Lecture by Eminent Person: Engineering is Awesome

Inspirational lecture on **"Engineering is Awesome"** was conducted by **Mr. Raghavan Koli,** Author & Motivational Speaker. He emphasized that many students are really afraid of engineering at the beginning but the journey is really enjoyable. He said that by creative thinking and engineering skills, work as a part of a team. The lecture motivated the students to build up their confidence which is the key factor to become successful in life. The session was interactive and included short videos, puzzles which boosted up the students. The lecture was well received by students. Finally Vote of thanks was given by Prof. Mrs. H.A. Navare.

Day 4: Session- I: Creative Practices: Introduction to SCOE Art Circle

(Activity Coordinator: Prof. A. S. Kulkarni)

This session was arranged to make newly admitted FE 2021-22 students familiar about SCOE art circle and all events under its umbrella. A brief presentation was carried out by SCOE Art Circle team under the guidance of Prof. Mrs. A. S. Kulkarni, Dr. Mrs. V. G. Kurundkar and Prof. Mrs. G. G. Kasture. This included a video show on ***Sinhgad Karandak***. The students were overwhelmed by watching activities like singing, music, script reading, and dance events by the senior students of the art circle. Further, few videos of pass out students who are working in the art field, movies, and theatres were shown. Students got acquainted with SCOE art circle and events happening under it. Students were happy to know about many accolades received by SCOE in cultural events over the years.

Day 4: Session-II: SPPU online Exam Form Filling Process

This session was conducted by Prof. V. K. Chaudhari and senior clerk from exam section of SCOE Mr. S. N. Navale to introduce online exam form filling process of SPPU.The process was thoroughly explained by Chaudhri sir and all minute details were provided by Navale sir. Both of them guided students very well regarding registering on university exam online portal, filling required information, and filling exam. They also made students aware about the typical mistakes likely to commit throughout this online process and correct ways to avoid it. So all and all it was an informative, essential and very useful session for students.

Day 4: Session-III: Literary Activity: Small Things Make Big Difference

(Activity Coordinator: Prof. M. B. Diwate)

Mr. Anand Patil delivered a motivational talk titled "Small Things Make Big Difference". He elaborated students about the beauty of even smaller contributions in shaping one's life or achieving any milestone in their career with the help of wonderful illustrations. He inspired students for meditating at times and achieving smaller goals in their career. This module was conducted by enthusiastic team of **Student Welfare Club** of SCOE under the able guidance of Prof. M. B. Diwate and his team. Students enjoyed this talk and gave very promising feedback of the session.
